White Swan Flour

is sold in every town in Texas where the best is required.

HOWELL BROS.,
GROCERS AND COFFEE ROASTERS.

WORK OF LIGHTNING.

Eleven Persons Killed While Seeking Shelter at Chicago.

ONLY ONE ESCAPED.

Lightning Strikes a Pier on Which the Crowd Had Gathered to Get Out of Rain—The Stroke of Lightning Was Powerful.

Chicago, July 2.—A single stroke of lightning late Monday afternoon killed 11 persons and probably fatally injured a twelfth. The boys rushed to the pier at the foot of Montrose boulevard to seek shelter. Suddenly there was a great flash of lightning and people living in the vicinity heard a terrific crash. A policeman rushed to the pier and discovered that the bolt had demolished the pier, which was of heavy construction, precipitating the whole structure into the water.

Knowing that the boys had gathered there he called ambulances and in half an hour the bodies were recovered from the lake. The electric bolt burned out the telephone wires in the vicinity and for a time only meager and widely varying reports could be obtained.

The boys were in swimming having fled to the lake to escape the intense heat. When the rain began to fall and it became evident a severe electrical storm was coming they rushed to the shed where a shelter had been built for the use of dressing and undressing. Willie Anderson, 12 years old, was the only survivor and he was badly hurt.

The stroke of lightning was the most powerful which has struck in this vicinity in years. The roar which followed it was deafening. The pier was demolished in a trice, giving the boys not the slightest chance of escaping. The bathers were mostly from the poorer class.

Senator Kyle Dead.

Aberdeen, S. D., July 2.—Senator Kyle died at 6:05 o'clock Monday afternoon. Senator Kyle was stricken at

SENATOR J. H. KYLE.

his home here about 10 days ago. His trouble was of malarial origin and resulted in a functional affection of the heart.

Columbia Defeats Constitution.

Newport, July 2.—The Constitution was defeated by the Columbia Monday by the small margin of 48 seconds in the first real race in which the new Herreshoff yacht has participated. Although the contest from start to finish was close and at times exciting, in the opinion of a majority of yachtsmen in Newport, the Constitution lost through misfortune. However, the result of the contest is far from conclusive and there is still much to be decided as to the merits of the two racers.

Public Debt Statement.

Washington, July 2.—The statement of the public debt issued shows that at the close of the fiscal year, June 30, 1901, the debt less cash in the treasury amounted to \$1,044,939,130, a decrease during June of \$17,737,374. This decrease is accounted for in the main by an increase in the cash on hand.

Mine Explosion at Carbon.

South McAlester, I. T., July 2.—An explosion occurred in the Kansas and Texas coal mines at Carbon, I. T., Monday morning. A number of miners were severely burned, three of whom were brought to the hospital here for treatment. The extent of the damage to the mine is unknown.

Carnegie's Gift to Detroit.

Detroit, July 2.—George W. Radford, member of the Detroit public library board, has received a letter from Andrew Carnegie stating that Mr. Carnegie will contribute \$750,000 toward the erection of a new public library in this city.

No Authority for Delay.

Washington, July 2.—Secretary Hitchcock has decided that there is no authority of law permitting a delay until Oct. 1 in the opening of the Wichita Indian reservation in Oklahoma as desired by certain cattle interests.

FIRE IN A

Two Persons Dead and Several Badly Injured From Gasoline Explosion.

Butte, Mont., July 2.—Two dead, two severely if not fatally injured, and a score or more, more or less hurt, is the result of a fire which broke out at the Pullman lodging house, 114 West Mercury street at 2 o'clock this morning.

The dead are:

S. M. Mix, waiter, Missoula, Mont.
Ole Berg, carpenter, Butte, Mont.

Severely injured:

Billy Ryan, better known as "Austrian Ryan," a pugilist well known throughout the Northwest, jumped from a third story window, seriously injured about head and legs.

A man named Camp jumped from a third story window, internally injured and cut about head.

Miss Cryseal, proprietress of the lodging house, injured about head and inhaling smoke.

A number of men were experimenting with a gasoline lamp in a saloon on the lower floor of the lodging house when the lamp exploded, scattering the flames in all directions. The building was wooden and before the fire department arrived the flames had eaten through the lower floor and were spreading to the upper stories.

The lodging house contained about 100 rooms and were probably all occupied but everybody escaped except those mentioned above. It is remarkable that more were not killed. It is not believed that any except the two mentioned perished. The property loss is about \$4000 with no insurance.

The World's Largest Gun.

Washington, July 2.—The management of the Pan-American exposition will be disappointed in the hope of securing the great 16-inch rifle which is being manufactured for the government, and which is intended to become a part of the coast defense armament. This big gun has cost the United States about \$500,000 so far, and it is so far from completion that it is not expected that it can be exhibited before another year has passed. It has been suggested, in consequence, that it would form a most interesting exhibit for the St. Louis exposition in 1903, as it will probably be mounted by that time and ready for transportation.

Must Pay Inspection Fees.

Denver, July 2.—Judge Hallett of the United States district court, denied a writ of habeas corpus to E. H. Reid, the Omaha cattle shipper, who was sentenced to six months' imprisonment by the district court of Arapahoe county for failure to pay the state inspection fee on a shipment of cattle from Texas. Attorney Ralph Talbot took an appeal to the United States supreme court and Reid was released on a \$500 bond. In refusing to pay the state fee Reid was acting as agent for the National Live Stock association which desired a decision by the supreme court on the questions involved that will apply to the states.

Gave Himself Up.

Birmingham, Ala., July 2.—Burgess Little, formerly cashier of the Shelby County bank at Monticello, Ala., came to Birmingham and surrendered himself to Sheriff Coleman of the circuit court. The Shelby County bank recently closed its doors and it was alleged that Little had embezzled \$10,000 of the bank's funds. Mr. Little declined to make any statement for publication other than to say that he came of his own volition and surrendered.

The Shelby County bank suspended May 7, but no other failures followed its closing. It was a small bank and carried only a limited amount of deposits.

Alleges He Got a Counterfeit.

St. Louis, July 2.—Louis P. Negele, proprietor of a saloon, was arrested Saturday night on complaint of J. A. Dolin, a conductor on the Sixth street line, who alleges that Negele passed a counterfeit dollar on him. Negele says he boarded the car and gave Dolin a dollar, receiving 95 cents in change. He rode about six blocks, he claims, when the conductor walked up and demanded another dollar, saying the one Negele had given him was counterfeit. Negele refused and the conductor caused his arrest.

H. H. Hargrove Dead.

New Orleans, July 2.—Hardy H. Hargrove, who resigned the presidency of the Southern Industrial association on the last day of the Philadelphia convention and who was the father of the cotton mill movement in Louisiana and Mississippi, as well as a veteran of the Picayune staff, died suddenly at his home in Shreveport, La., Monday. He had been ill for months. He was 49 years of age, studied law, but took up journalism as a profession. He was a leader in educational circles.

Proclamation Completed.

Washington, July 2.—At the cabinet meeting today Secretary Hitchcock informed the cabinet that the proclamation for the opening of the Kiowa Comanche and Apache Indian reservations in Oklahoma was completed. The secretary will go over it with the president and it will then be issued. It will fix the day of the opening and will prescribe the methods and rules to be observed by prospective homesteaders.

SEND US YOUR ORDERS!

THE BRYAN GROCERY CO

Blown from the Cab.

Guthrie, July 2.—The steam pipe in an Atchison, Topeka and Santa Fe freight engine burst at Seward, seven miles south of here, and George Clark, the fireman, was blown out of the cab. He landed nearly 30 feet away and was fatally injured.

Postmaster of Prescott.

Washington, July 2.—The president has appointed Jack Grayson, postmaster at Prescott, Ark.

Tornadoes in Iowa.

Des Moines, July 2.—Tornadoes are reported near Holstein, Cambridge and other Iowa points. Communication with Cambridge cannot be obtained from here.

Killing at Halleyville.

South McAlester, I. T., July 2.—At Halleyville, I. T., a negro teamster shot and instantly killed H. Dawes, the stable foreman.

For a smooth, clean shave or the latest style hair cut go to

WEDNESDAY, JULY 3, 1901.

One stroke of lightning killed
eleven persons in Chicago on
Monday.

Reports from the treasury de-
partment for the past year show a
decrease in counterfeiting.

A hot wave has been sweeping
the northern cities leaving pros-
tration and death in its wake.

Dallas county instructed for
Dudley G. Wooten for congress,
defeating Clarke and Bill Shaw.

Washington county is clear of
bonded indebtedness. What a
glorious opportunity to build
county roads.

Next year Brazos county must
reap some of the profits of truck
growing. Organization must be
effected early enough to insure
success.

A special to the Galveston News
says: "A railroad promoter is
authority for the statement that
active work on the building of the
Brenham and Brazos Valley Rail-
road is ready to begin. In fact,
according to the gentlemen men-
tioned, the work has already com-
menced, but is not yet under full
headway. This line of road is
intended to have Brenham for its
southern terminus and extend in a
northerly direction through por-
tions of Washington, Brazos and
Grimes counties. Its construction
is expected to place Brenham in
touch with 72,000 acres of rich
farming lands, located on the
north side of the Yegua River.
Farmers living along the proposed
right-of-way have, so it is stated,
agreed to grade the road bed through
their lands free of charge, and
some of them are making addition-
al donations in the way of cash
bonus."

SHOT BY A GREEK.

William Harris Deliberately Wounded
at Chicago for No Cause.

Chicago, July 2.—While attempting
to recover an umbrella and purse be-
longing to a young lady who was a
stranger to him, William J. Harris was
shot and fatally wounded Monday night
by Michael Varlos, a Greek. As his
victim fell, Varlos dropped his revolver
and fled, pursued by a number of men
who had seen the shooting. He was
captured.

The affray occurred in an ice cream
parlor in which Varlos is a waiter. Half
an hour before the shooting Varlos had
quarrelled with a woman and her es-
cort who had entered the place. A
fight followed between the men during
which Varlos was struck over the head
with an umbrella by the woman. She
then ran out of the door leaving the
umbrella and her purse behind.

Just outside the door she met Harris
who inquired the cause of the excite-
ment. She told him and he entered to
secure the umbrella and purse. Enter-
ing the store he demanded the return
of the woman's property. Varlos told
him to step to the rear of the store and
he would hand him the articles. The
Greek then walked behind a counter
and drawing a revolver from a drawer
deliberately fired it three times at Har-
ris. Two bullets entered the breast and
one the abdomen. Harris is a machin-
ist from Pittsburg, Pa.

FEAR ANARCHISTS.

Italian Consul General at New York
Leaving His Post.

New York, July 2.—As a result of the
many threats against his life by an-
archists an indefinite leave of absence
has been granted Giovanni Branchi,
the Italian consul general in this city.
It is said he has gone back to Italy,
where he will remain and where an-
archists are less active. For several
weeks before he left the consul employ-
ed a body guard and kept his place of
residence a secret. His personal mail
was received at the Lotos club, but he
was seldom seen there and sent a mes-
senger daily to get his letters.

The Italian consulate is left in charge
of the vice consul and is carefully
guarded. All visitors are closely in-
spected and questioned as to their busi-
ness in an outer office. Only those who
satisfy the inquirer that their business
is of a legitimate character are admitted
to the presence of the acting consul.

He, too, it is alleged, has changed his
residence, keeping his present abode a
secret.

It was the activity of Consul Branchi
in exposing the plot to kill King Hum-
burt that turned on the hatred of the
anarchists.

TIME OF THE COUNTRY.

More Land Required to Protect the Del-
icate Instrument from Jar.

Washington, July 2.—The navy de-
partment has purchased a considerable
tract of land surrounding the naval ob-
servatory here in order to protect from
jar the delicate instruments which re-
cord the time of the country. It was
deemed desirable not to have any high-
ways within 1000 feet of the clock room
where the instruments are stationed and
a circle with a radius of 1000 feet there-
fore was drawn entirely around the ob-
servatory. At the last session of con-
gress \$149,000 was appropriated to pur-
chase the enclosed land and this amount
has just become available. The tracts
purchased contain about 16 acres.

Strike Situation Unchanged.

Pittsburg, July 2.—The second day
of the strike of the sheet steel and steel
hoop workers of the Amalgamated as-
sociation opened without interesting or
exciting features. It was evident
neither side anticipated early develop-
ments as there was no unusual activity
about combine offices and utmost quiet
prevailed at headquarters of workers.
Belief is quite general the real test will
not come until the close of the hot
weather and a general resumption of
business in early fall, and in the mean-
time it is thought the conflicting in-
terests will see their way clear to recede
from present position.

Condit's Strike Edwards' Trail.

Marshall, Tex., July 2.—It having
been reported to W. L. Foster of Shreve-
port that the negro Prince Edwards,
who murdered his brother, John Gray
Foster, had been seen in this county,
nine miles east of here, Mr. Foster with
a posse of Louisianans, augmented by
officers of this county, left at an early
hour Monday morning for the locality
where the negro was said to have been
seen. The posse returned in the even-
ing, having failed to strike any trail of
the negro.

NEWS IN BRIEF.

quarter acre of land.

The drouth is killing the fish in vicin-
ity of Wharton, Tex.

TEXAS NEWS.

County Without Debt.

Brenham, Tex., July 2.—County
Treasurer Herbst received a very large
blank from the comptroller's office Mon-
day, upon which he was asked to make
a statement of the bonded indebtedness
of Washington county as it existed on
June 30, 1901, show amount of bonds
outstanding and condition of interest
and sinking fund for each set of bonds,
as required by chapter 33, acts Twenty-
sixth legislature, approved March 15
1899. The only word the treasurer
wrote on this great blank was "none."

Dead Beside the Track.

Denison, Tex., July 2.—The bodies of
a colored man and woman were found
on the Katy track just south of Verdi-
gris, I. T., the woman dead and the
man so badly injured that he died a
little while without regaining conscious-
ness. On the man was found \$1.07 in
money, a pocketknife and the following
note: "Ida and Elgin Robinson left
Denison, Tex., the 26th for home. El-
gin has a mother and father who live
in Loring, Kas. Ida's folks live in Kan-
sas City, Mo."

Killed by a Train.

Paris, Tex., July 2.—Walter Self, a
youth 18 years old, the son of a stock-
man living seven miles east of Good-
land, I. T., was killed by a northbound
Frisco freight train at Goodland. The
young man was sitting at the depot and
got up and started to cross the track
just ahead of the train, when the engine
struck him and knocked him up against
the depot, breaking nearly every bone
in his body.

Wooten Nominated.

Dallas, July 2.—Dudley G. Wooten
was nominated for congress by the
Democracy of Dallas county yesterday
after a session lasting all day and which
was one of the wildest, noisiest and
most excited gatherings of the party
that has ever been seen in this county.
His plurality over W. A. Shaw in the
primaries was three votes.

Run Over and Killed.

Denison, Tex., July 2.—The dead body
of Robert Briston, of Savanna, I. T.,
was found on Missouri Kansas and
Texas railroad track at Savanna, about
three-quarters of a mile north of the
station. The body had been run over
and mangled by a passing train and he
had apparently been dead some time
when found.

Library for San Antonio.

San Antonio, July 2.—The city coun-
cil has accepted plans and awarded a
contract for the erection of the Carnegie
library building in this city. Mr. Car-
negie's donation to San Antonio was
\$45,000 and the lowest bid for the struc-
ture was just the amount of the dona-
tion. The contract went to local build-
ers.

Richest Town in Texas.

Croft, Tex., July 2.—According to
the United States census there are 15
people in this town. They have ship-
ped so far this season 85 carloads of to-
matos, which brought about \$700 a
car. On an average all the people of
Croft have money. It is estimated that
the net profit per acre this season is
\$250.

Prof. Le Fevre Qualifies.

Austin, Tex., July 2.—Prof. Arthur
Le Fevre has qualified as state super-
intendent of public instruction, vice J.
S. Kendall, resigned, to accept the
presidency of the North Texas Normal
at Denton. Prof. Le Fevre announces
that the present office force will be re-
tained of which W. C. Witcher is chief
clerk.

Farmer Killed.

Weatherford, Tex., July 2.—Cicero
Phillips, a farmer about 45 years old,
was shot and instantly killed at his
home, 15 miles north of here, near Ad-
vance. He had been out all night and
came home at a late hour. Walter Phil-
lips, aged 19, is now in jail charged with
killing his father.

Shot at a Dance.

Gilmer, Tex., July 2.—Benjamin Clark
was shot and dangerously wounded at
a dance near Simpsonville. The ball
entered the left side just above the
heart. Grover Hill, a cousin of Clark,
came in and surrendered. He is now
out on bond. Both men are about 21
years old.

Bought a Compress.

Terrell, Tex., July 2.—The Shippers'
Compress company of Dallas, bought
the plant of the Terrell Compress
company of this town. The Dal-
las concern had let the contract for a
new compress, but since making the
purchase the proposed new one will not
be built.

Found in the Neches River.

Beaumont, Tex., July 1.—The body
of an unknown man was found in the
Neches river about 400 feet above the
Southern Pacific bridge on the Orange
county side of the stream. The body
has not been identified and nothing is
known as to how he met his death.

Killing in Navarro County.

Corsicana, Tex., July 2.—Anderson
Johnson, a resident of Hubbard City,
was shot and instantly killed at Bur-
don, 10 miles west of here. W. D. Ful-
ler surrendered to the officers and was
brought here and placed in jail.

Will Mine Cinnabar.

Austin, Tex., July 2.—Walter Gillis
of Del Rio is here and will file the char-
ter of the Terlingua Mining company,
with a capital stock of \$500,000. This
company will operate in the rich cinnabar
fields of Brewster county.

State Encampment.

Austin, July 2.—Everything is being
put in readiness for the big state en-
campment from July 19 to 27. Adjut-
ant General Scurry will soon issue his
official order assembling the troops here
on the dates mentioned.

Dying of Heat!

Hundre's are dying of heat in the northern cities
where the hot weather records have been broken—
We are all thankful it's not that bad here but it is
bad enough—too bad unless you have

PLENTY OF PURE ICE.

It is good in sickness and in health; it will preserve
your food and save your doctor's bill. It is the
cheapest luxury in the world and one you cannot
do without. Remember our ice is made from pure
soft water, condensed, skimmed, reboiled, filtered
and frozen. Delivered at your refrigerator.

WEBB BROS.

Women Who Work

Nine out of ten women are afflicted with some of the common ailments known as female diseases. Among women whose employment requires them to stand on their feet or sit in the same position all day, not one in twenty-five escape these troubles. The average feminine constitution cannot, unaided, withstand the strain to which steady, trying work subjects them. The organs of womanhood are so delicate and finely adjusted that the inevitable result of constant standing, lifting, stooping or straining is displacement of vital parts. The disorder is usually slight at first, but soon develops into irregular or painful menstruation, leucorrhoea or falling of the womb. Wine of Cardui is the right remedy for female weakness. As such it is offered to you. Wine of Cardui will not perform miracles, but it will, if taken as directed, insure painless and regular operation of the menstrual function. It will drive out every trace of leucorrhoea, and will so strengthen the ligaments that falling of the womb will be an impossibility. Don't you think it would pay you to try a medicine with such a record as that? You can get a \$1 bottle of Wine of Cardui at any drug store and use it in the privacy of your home.

WINE OF CARDUI

Townsend, Ga., May 18, 1899. I have been in bad health with falling of the womb, weak back, nervousness and heart palpitation. At monthly periods I would be in bed suffering great pain. Lately I have been taking Wine of Cardui and Theodor's Black-Draught, and they have brought me wonderful relief. I have no pain, and do not stop work at the monthly period.

Mrs. LUCY SMITH.

HOT WAVE STILL ON.

Many Deaths and Prostrations in
Larger Cities.

THE HEAT IS INTENSE

In New York and Vicinity Suffering Is
Great With 82 Deaths—Many
Factories Are Forced to
Close Down Temporarily.

Washington, July 2.—The hot weather continued here yesterday unabated, the climax coming in the afternoon when the local record for this early in the summer was broken, the weather bureau thermometer recording a temperature of 102. Fortunately there was not much humidity in the atmosphere. There were 50 cases of heat prostration and two resulted fatally.

At 8 o'clock last night the thermometer had fallen to 90 degrees. The present hot wave started in the west June 20 and Monday the weather bureau officials report that the high temperatures are recorded in most sections east of the Rocky mountains and many places west of them. Rains, most of them moderate in amount, have fallen in many places. The precipitation has been very great in a few places. In Chicago the fall amounted to 1.56 inches; in Jacksonville, Fla., 1.25; Omaha, Neb., .68 inches and Davenport, Ia., .34 inches. Thunderstorms have occurred in West Virginia, Iowa and the lower lake regions.

The weather bureau this morning issued the following special bulletin:

"There is no present indication of a permanent break in the warm wave which covers the country generally east of the Rocky Mountains. Local rains and thunder storms will furnish temporary relief in the lower lake region, upper Ohio valley and in mountain districts of Pennsylvania, Maryland, West Virginia and Virginia, and there is a possibility local rains may occur in limited areas in Atlantic coast stations."

The following are some of Monday's results:

Cincinnati—Five deaths and many prostrations.

New York—Seventeen deaths, 141 prostrations.

Brooklyn—Twenty-one deaths, 36 prostrations.

Chicago—Five deaths, 15 prostrations.

Zanesville—One death, six prostrations.

St. Louis—Six deaths, four prostrations.

Boston—Three deaths, six prostrations.

Pittsburg—Eighteen deaths, 40 prostrations.

Cleveland—Three deaths, 18 prostrations.

Intense in New York.

New York, July 2.—At 8 o'clock this morning the temperature was 88 degrees. At the same hour Monday it was 83 degrees. On the street thermometers registered 94 at 8 o'clock. The air was almost perfectly still and there was no sign of a breeze. To add to the suffering, humidity was 59 per cent accompanied with 48 per cent Monday.

Between 2 and 8 a. m. 14 adults died of heat on Manhattan island. Prostrations were so numerous that it was impossible to keep a complete record of them.

In the interior cities of this state the heat is but little abated.

At Troy the temperature at 8 a. m. was 88 degrees, warmer than at the same time Monday. The deaths at Troy since the hot spell number six.

At Rochester at 9 o'clock the temperature was 84 degrees and humidity 64.

At Buffalo the temperature was 76 degrees at 9 o'clock.

The weather bureau thermometer was at the 95 mark at 10 a. m., six degrees higher than at 10 Monday.

So many horses have been killed or disabled by the heat that the deliveries of provisions and ice is much retarded, thus adding to the discomfort and suffering.

In Brooklyn 30 sudden deaths were reported between midnight and 9 a. m., and of these 17 were directly due to the heat.

At 11 o'clock the police department list showed that from midnight to that time a total of 52 deaths from heat had been reported in Greater New York. Nearly all the dead were adults.

Factories Closed.

Boston, July 2.—Reports from New England points received here indicated no abatement in the hot wave. Temperature reported from 84 to 90.

At Lynn several factories have been closed owing to the heat.

The thermometer at Fall River stood at 90 almost all night.

At Springfield at 8 a. m. the official record was 90. At 10 o'clock the mercury stood at 96. No deaths reported.

Above the Hundred Mark.

Baltimore, July 2.—Thermometer at noon registered 101, and at 1 o'clock was 1 degree higher with no relief in sight. Four deaths and 32 cases of prostration were reported at 1 o'clock, which exceeds the number recorded Monday.

Thirty-Three Prostrations.

St. Louis, July 2.—Thirty-three persons, a larger number than were treated here during the entire summer of 1900, are in the city hospital suffering from heat prostration. Two of these cases

had resulted fatally up to noon, at which time the weather bureau reported the temperature at 94.

No Deaths at Louisville.

Louisville, July 2.—At 8 o'clock the official thermometers recorded 79 and indications were for continued high temperature. No fatal prostrations reported during Monday night, though local physicians say the suffering among the children is intense and will result in many deaths if existing conditions continue a few days more.

Fatalities at Pittsburg.

Pittsburg, July 2.—Twelve deaths and 60 prostrations, from the heat were reported between midnight Monday and 11 o'clock this morning, making the number of fatalities 40 in 24 hours. Thousands of persons in tenement districts slept Monday night in hallways or on stone steps and brick pavements. A walk up Webster Avenue Monday night was difficult. Not only the sidewalks, but even the roadway was full of people trying to sleep. Many poor mothers sat up all night watching their slumbering children that harm might not come to them as they lay on the pavements.

Many Deaths at Philadelphia.

Philadelphia, July 2.—At 11 o'clock this morning the government thermometer on top of the postoffice building registered 95 degrees, while those on the street registered from 99 to 102. Sixteen deaths and over 100 prostrations reported up to that time. The manufacturing establishments in all sections of the city were compelled to close. The minimum temperature during the night was 85 degrees. This is the largest number of deaths and prostrations in any one day of the present hot spell. All records for July have been broken.

Still Warm at Chicago.

Chicago, July 2.—Notwithstanding the storm which diminished the heat somewhat Monday evening and made the night more bearable thermometers on the streets at 8 a. m. registered 86 degrees only two degrees lower than at the same hour Monday. Heat wave not yet broken and from present indications it is uncertain when it will be.

Tornado in Kentucky.

Middlesboro, Ky., July 2.—A violent storm, resembling a tornado, wrought havoc across Cumberland Gap in Powell's valley. Half a dozen small farm houses were demolished, together with a large number of barns. There was some loss of life, but particulars are not yet obtainable. Perry Smith was killed by lightning. Crops are seriously damaged in various places.

Water Famine at Huntington.

Huntington, W. Va., July 2.—This city has a water famine. The pumps at the water station, are broken and the reservoirs are empty. There is great suffering. The Adelphi hotel is burning, is in thickly populated part of the city. The absence of water threatens the destruction of the entire town.

Crops Ruined in Russia.

London, July 2.—A dispatch from St. Petersburg says crops in the province of Suratoft are withering and grass scorched owing to the prolonged heat and drouth. The price of corn is jumping up and the outlook at Suratoft is alarming. The scarcity promises to be as severe as the famine of a decade ago.

Hot in Europe.

London, July 2.—While the weather in England is temperate, continental telegrams continue to report ravages of heat and storm. Deaths from sunstroke are numerous.

In an Italian regiment marching from Pisa to Leghorn Monday there were 30 cases of sunstroke, while more soldiers dropped from exhaustion.

Storms have occurred in the northern part of France, where the lightning wrecked churches and houses. Several fatalities occurred.

Niagara Bank Fails.

Buffalo, July 2.—The Niagara bank, a state institution, has been closed by the state bank examiner. The examiner says such action was taken because he believed the bank to be insolvent, due in the main to the failure of the City National bank. The Niagara bank was organized Sept. 15, 1891, with \$100,000 capital.

A Big Dose of Morphine.

Waco, Tex., July 2.—Justice Davis held an inquest here on the remains of Julia Munn, a white woman, aged 30, and decided from the testimony presented that the death of the woman was caused by a heavy dose of morphine taken with suicidal intent. The deceased came to this city from Dallas a month ago.

Kaufman is for Beall.

Kaufman, Tex., July 2.—Delegates from various precincts of the county met in convention here to elect delegates to the Meridian convention about 100 delegates were elected and were instructed to cast the vote of the county for the Honorable J. A. Beall for congress.

Iron Mountain to Extend.

Memphis, July 2.—It is reported here that the Memphis branch of the Iron Mountain would soon be extended from Bald Knob, Ark., to Coffeyville, Kas. The route was surveyed several years ago.

Cut His Throat.

Mena, Ark., July 2.—J. E. James, son of Dr. J. E. James, of Cove, 10 miles south of here, committed suicide by cutting his throat with a razor. There is no known cause for the act. Deceased was a young man of high standing.

....GOOD BREAD AT REASONABLE RATES AT OTTO BOEHME'S....

Texas Bakery and Boarding House.

The best is the cheapest, Otto Boehme has the best.
East of Standpipe,
BRYAN, TEXAS.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's Germat Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectation, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.
